Program Notes

John Watts Golf Outing

Ken Saville hosted today's meeting at Camp Wawbeek. After a lunch prepared and served in the dining room by Ken, he provided information about the camp and the support that Kiwanis has provided over the years. This year the District Governor's (Kathy Vorpahl) project is to remodel the dining room to make it more accessible. The dining area will be enlarged so that more space is available for wheelchair access.

After the lunch, Ken transported everyone by tractor and trailer to the new high ROPES course. ROPES courses provide outdoor activities for personal development and team

building. This high ROPES course was constructed across a 35-foot deep valley to accommodate nearly all campers with disabilities. There is also a low ROPES course at the camp.

This high ROPES course was designed by an engineer from Pennsylvania OPES design expertise. Annually the course is certified to insure it safety.

No one volunteered to participate in the high ROPES course.

Thanks to Ken for hosting this event.
